Unprofessional: God's Design for Ministry Church history bears witness to various shifts that have taken place over the last two thousand years. This means that significant differences exist between the early church that Jesus established and the apostles led and the current realities of the 21st century Christian church. One key shift is the move from lay ministry in which unprofessional people led to a church dominated by professionals. Yet a church where professionals minister and where lay people consume is anything but the church Jesus founded. What caused such a shift? How should we relate to it today? And, most important of all, how can we recover an unprofessional church reflective of God's design for ministry?

Baptism

Antoinette Tapia loves the Lord and wants to make this public declaration of her Christian faith. She cherishes the family of believers in the Adventist church and school. She is supported today by her husband Gregory, daughter Isabella, 7, and son Caleb, 6. She loves gathering with friends and family.

Increasing evidence shows that vaccinated individuals can spread the new variant even when they are asymptomatic. Because the number of cases is impacting our hospital systems, based on the guidance of medical professionals and the SECC, we strongly recommend that everyone wear a mask at indoor church gatherings regardless of vaccination status until further notice. Thank you for helping us keep our community healthy.
